

CONEJO QUIET FLYERS

MEMBERSHIP APPLICATION

The Conejo Quiet Flyers (CQF) is an AMA chartered R/C club devoted to Electric-Powered Radio Controlled Model Airplane flying in the Conejo Valley.

The CQF has negotiated an agreement with the Conejo Recreation and Park District to allow members to fly Electric-Powered "Park Flyer" type airplanes in certain community parks in the Thousand Oaks area.

AMA membership is required in order to meet Park District insurance regulations. To apply for AMA membership, visit modelaircraft.org. Full, Trial, Minor, or Park Pilot memberships are acceptable.

How to join.

Simply fill out this membership application, supply your AMA membership number, and mail to the address below, along with the first year's dues. Alternately you can bring the form and dues to one of our flying locations.

Richard Cox
2670 Calle Abedul
Thousand Oaks, CA 91360
(805) 490-6507
tell.me.more (at) ConejoQuietFlyers.org

Club dues are \$10/year, renewable March 1st. If you join after January 1st, your membership will expire at the end of February the following year.

Where to fly.

The Rancho Conejo Playfield Park on Ventu Park Road just North of Hillcrest Road, and Wildflower Park, one block West of Avenida de los Arboles and Lynn Road are our designated flying areas. You may fly either place at any time, unless the park is being used by another group such as soccer, softball or baseball groups. This 'yield the field' policy is necessary for safety.

When to fly.

Our flying site schedule changes from time to time; please check the website (www.ConejoQuietFlyers.org) for current time and place. Both club sites are available anytime the parks are open and are not being used for other purposes. For consideration of the nearby residents, please do not fly earlier than 7:00 AM.
