

## Conejo Quiet Flyers Rancho Conejo Playfield site plan

**This aerial view of Rancho Conejo Playfields shows the designated Pit area and flight line.**

The left side of the basketball court may be used for takeoffs and micro plane only landing. Aircraft other than micro size should land on the grass area at least 25 feet beyond the flight line.

Pilots should stand behind the flight line except when retrieving aircraft.

There should be no flying over the pit area or over pilots on the flight line or any people on the field. There should be no flying over the tennis courts, playground area, streets, or residential area.
